A new website for Patty Aubery.

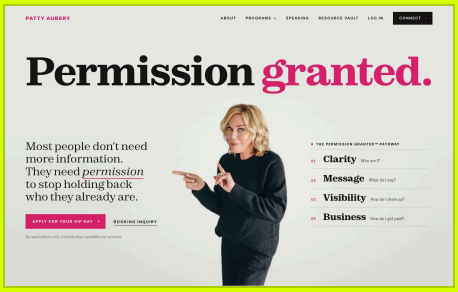

Prepared for Patty by Eric Berg, Crush

01 On stage

02 The books

03 The cover

Your number

$1,500

Paid once.

Half at go, half at launch

$750 when you say go, $750 when your site is live.

Built within a week

of your go. You see every page before anything goes live.

Yours to keep

Site and files in your name.

What we built it around.

Builder of people into platforms.

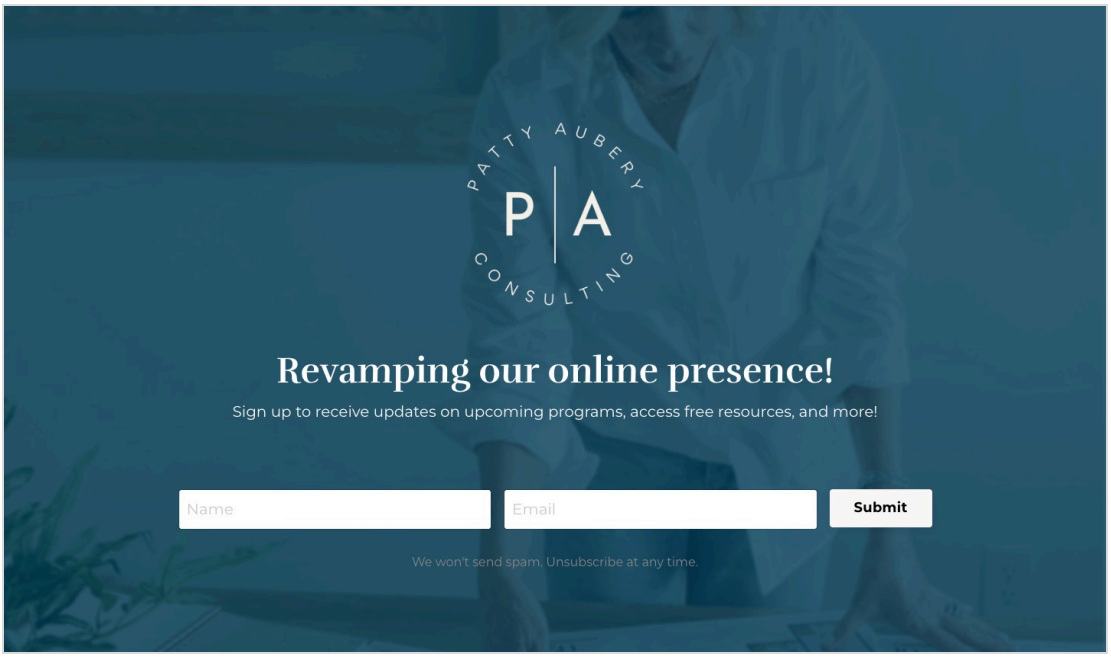

In your own words. Option 1 stays in your magenta: you on stage mid-keynote, speaking into that line, with 500M+, 14, $1B+ and 30+ counting up underneath.

From a single manuscript to a global movement.

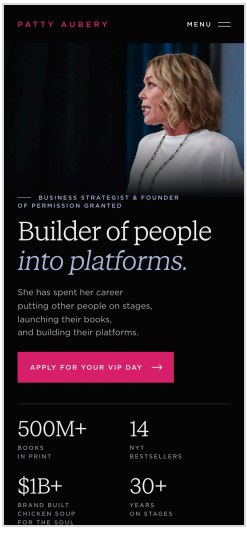

From your VIP Strategy Day page. Option 2 is light and open: your Chicken Soup for the Soul covers across a sunlit desk, beside a print of you at work.

Permission granted.

Your keynote and your company. Option 3 is a magazine cover: you pointing at your own line about permission, with your Permission Granted Pathway, Clarity to Business, down the side.

Today

New, on a phone

All in the price of your website.

The website

A new site for Patty Aubery: the homepage, your programs and offers, your story, what clients say in their own words, and a clear path to apply or enroll, built out from the top you've just seen. Built within a week of your go.

An animated promo

A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.

A designed email

Designed and written for your list, so past leads and students hear about your next program first.

Twelve ads

Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.

A front desk

First month on us

From Hire Whoever, our sister company: a voice assistant that answers callers asking about your programs, timing and fit while you're coaching, and every call becomes a short written record.

Unlimited small changes

For the first 30 days, anything you send is live the next business day. After that, small changes stay free: a price, a photo, your hours, a line of text. Text or email it and it's done within the week.

Launch email setup

Included when you say go before 2 December 2026

We set up the launch email and line it up for your list, ready to go out on launch day.

$1,500, paid once. Nothing that comes with it is billed separately. All prices in US dollars.

Built within a week of your go.

Day 0

You say go

You pay the 50% deposit and give us access to your domain and current site. Your live site won't change until you say.

Days 1 to 7

We finish the site

We build these pages into your full site. You see every page in a preview before anything goes live.

Launch

It goes live

The new site goes live on your domain, and the promo and launch email are ready to go out with it.

After launch

Changes, on us

For 30 days, anything you send is live the next business day. Small changes stay free after that.

Launch day depends on you too: the sooner your answers and approvals come back, the sooner it's live. If we're ever the hold-up, your first three months of Steady, our monthly care plan, are on us.

"As a business owner, having someone you can trust with your website is invaluable, and Eric has absolutely earned that trust."

Midwest Peps, online store, Kansas

"We weren't planning to rebuild the website for our cafe, until Eric from Crush approached us... We're so glad he did!"

Alejandra Dominguez, Switchboard Cafe, Salt Spring Island, BC

"...completely modernized the site while keeping its identity, its history and the content I care about."

Vincent Cheville, Volcano Explorer, La Réunion (translated from French)

Yours, start to finish.

What you own

The site and every file, in your name.

Your photos, programs, testimonials and contact details carry over.

No commitment on anything monthly. Cancel anytime; the site stays yours.

What you pay

Your website	$1,500
When you say go (50%)	$750
When the site is live	$750

All prices in US dollars.
This proposal holds until 25 December 2026.

When you want more.

Small changes stay free, so you never need a plan to keep your site right. These are for when you want us working on it every month: no commitment, cancel anytime.

Questions.

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

Who owns it?

You do. The design and every file sit in your name. Your domain stays with you; nothing of ours renews unless you ask.

How do I make changes?

Text or email me the change. For the first 30 days, anything you send is live the next business day. After that, small changes stay free, done within the week: a price, a photo, your hours, a line of text. Something new, like a page or a feature, gets a price before we touch it, or a monthly plan covers it.

When do I pay?

Half ($750) when you say go, the rest ($750) when the site is live. You've seen the homepage before paying anything.

Does my course platform change?

No. Every Enroll button still goes to your Kajabi checkout and every Apply button to your 17hats application, so payments, logins and your courses keep working the way they do now.

What about my next launch?

Then the site changes with it. A new program, cohort date or price is easy to update, and I'll load your current offers into it as part of the build.

Say go.
